STUD POST EARRINGS Wide Variety of Exciting Styles with 3-5X Mark-up Potential

Stud earrings offer BIG mark-up opportunities and Fast Stock Turn because they look like they should cost much more than they actually do. For example, our Art E1200-5.5mm has a traditional diamond stud cut. Placing these next to diamond studs you will find the E1200 actually has a higher brilliance & luster. Try it, you'll see what we mean. Virtually all current customers who carry our crystal stud earrings find them to be highly profitable. **Prices start at just \$0.89**

Most of the Stud Earring Designs come in a variety of Sizes, Colors & Effects
