

New Swarovski Leaf...#8806

As was well publicized, the Swarovski leaf #8805 was moved into their 6000 series of pendants and increased in price by about 50%. With the introduction of #8806, Swarovski now has an affordable leaf. Additionally, it is available in Topaz, Topaz/AB, Lt. Peridot and Lt. Peridot/AB. The colors/AB are extraordinarily beautiful yet very reasonably priced when compared to some other Swarovski styles in the same size range!

You will notice from the pictures that these colors / AB makes it seem as if the leaves are turning colors just like in the Fall...Very Beautiful!
